December 2013*

Manager's Moment

If you remember my last article (I had to re-read it myself,) I talked about the changes we were going through in our billing software. Even though a lot has changed, I just wanted to remind our customers that we still offer different options when it comes to paying your bill with the hope that it might make things easier for you.

Of course, you can always mail your payment or stop by the office. But if your schedule is hectic and you don't want to take the time to do that, we do offer automatic payments as well. This way you don't have to worry about missing a payment and incurring a late fee, and

you still receive a copy of your bill in the mail. We have two different choices for this.

The first is by ACH from your checking account, which comes out the 10th of every month. The second choice is by debit/credit card, which gets run the 5th of each month. If one of these options sounds like it may work for you, please give us a call at 869-2220 or stop by our office for more information. Thanks for being a valued customer and have a Happy Holiday Season!

Chris Zirpel
Office Manager

Online Shopping Reminders

Here is a list of tips to remember when shopping on-line, from the American Bar Association.

1. Trust your instincts.
2. Be knowledgeable about web-based auctions
3. Double check pricing.
4. Find and read the privacy policy
5. Review the return, refund, and shipping and handling policies as well as the other legal terms .

6. Make sure the Internet connection is secure.
7. Use the safest way to pay on the Internet.
8. Print the terms.
9. Insure the safe delivery of your item.
10. Inspect your purchase.

Limit 1 coupon per household. Cannot be redeemed for cash. Must present coupon at time of purchase. Not Good in conjunction with other coupons or sale priced offers. Offer valid December 9-14, 2013

CHAMBERLAIN

Do you have Wire Maintenance on your Account?

Wire maintenance is an option feature that is available through Kennebec Telephone Company. Many of us have had it on our lines for years, and really not thought anything of it. For only a few dollars per month, wire maintenance may save you some real money in the long run. Telephone wire maintenance covers problems with the telephone cabling and jacks in your home. It also covers mileage, labor, and materials if you have a problem within existing wiring, jacks, or cable line.

If you are like me, sometimes it's easier to know what is not covered! Let's say, you are moving furniture around

and decide you want a phone jack on the other end of the room. That would not be covered by your wire maintenance. However, if you were moving the furniture and happened to damage the existing jack, wire maintenance would cover the replacement of that jack. Damage caused by animals, say pets or the occasional unwelcome animal visitor to your home, would be covered by Wire Maintenance.

Give us a call if you have any questions regarding Wire Maintenance or any of the other products available.
